I recommend my colleagues to publish their works in the WSEAS journals. It should be noted the excellent organization of the review process. Reviewers promptly sent reviews that were written clearly and contained reasonable suggestions for corrections. Given the fact that the publication was absolutely free for authors, we can evaluate the work of the publishing house team in the highest possible way. I hope that our efforts will further increase the rating of these publications, and readers will find only high-quality scientific material in them.
