For me, this was the second time that I sent a paper to your institution. I have the best of the impressions for the review process in the journal: WSEAS transactions on Mathematics. The review process was a real peer review process. I would like to express my heartfelt thanks and great respect for your remarks. The three reviewers showed us aspects to improve my paper. The criticism regarding the methodological part (which was made more descriptive) as well as underpinning the results was accepted and corrections are made accordingly. I would like to publish again new papers. Thank you for your cooperation !
