In WSEAS journals, every submission undergoes a double-blind peer review process, meaning that both the authors and reviewers are anonymized to prevent any potential bias. Each article is reviewed by at least two independent experts, ensuring a robust and objective evaluation. Reviewers are carefully selected based on their field-specific expertise and proven track record in the relevant discipline. This commitment to quality is evident in the extensive feedback provided to authors, which helps them improve the clarity, accuracy, and impact of their work.
