or outside WSEAS), University Repository etc). In case of violation of the above terms, WSEAS can reject any unpublished paper or even retract any published paper.

Dear Editor,

We sincerely thank you for accepting our manuscript (ID: WF-3803) and for the opportunity to revise it. We have carefully addressed all the editorial and reviewer comments, ensured consistency in figures, tables, and references, and revised the manuscript to clearly highlight its original contributions.

Response to Reviewer 1:

Thank you for your encouraging remarks. We have thoroughly checked the numbering of all figures, tables, and equations to ensure accurate correspondence within the text. Additionally, spelling and formatting errors have been corrected as recommended.

Response to Reviewer 2:

We appreciate your valuable suggestions. We clarified the biological interpretation of the key parameters, eliminated any overlapping content with previous works, and reinforced the originality of the present study. All references and structural elements have been carefully verified and updated.

Response to Reviewer 3:

Thank you for your helpful feedback. We improved the presentation by including clear graphical elements to illustrate the transitions in system behavior, corrected encoding issues, and expanded the conclusion with future research directions. The reference section has also been enriched to better support the discussion.
