One of trusted and famous like IEEE journals is WSEAS is a very good Publisher and it is our Good hope among the Ocean of Predatory Publishers that sent us Predatory Spam every day!I have excellent experience with WSEAS also they carefully take care of quality of manuscript. They have really a good system of peer-review and follow high standards of scholarly publishing and they check very carefully the plagiarism and the self-plagiarism I am proud that my paper after rigorous peer-review has been accepted in WSEAS Transactions After 27 years of publishing activities, WSEAS has never published a low-quality paper and has not been involved in predatory publishing practices of the so-called predatory publishers I will continue sending papers to WSEAS. I trust them and I trust their peer review.
