I declare, I confirm, I certify and I sign that I received substantial, important, line by line peer review with several and substantial comments, important remarks and hints from, at least, 3 Reviewers and the Assistant Editor for my paper:

Quantum-Inspired Genetic Algorithm for Solving the Test Suite Minimization Problem
with Authors: Ahmed Younes, Walid AbdelMoez

I would like to thank all the reviewers for their thoughtful comments and efforts towards improving our manuscript. We revised the manuscript with special attention to the comments that we received from, at least, 3 reviewers that they were experts, specialist in the area of my paper.

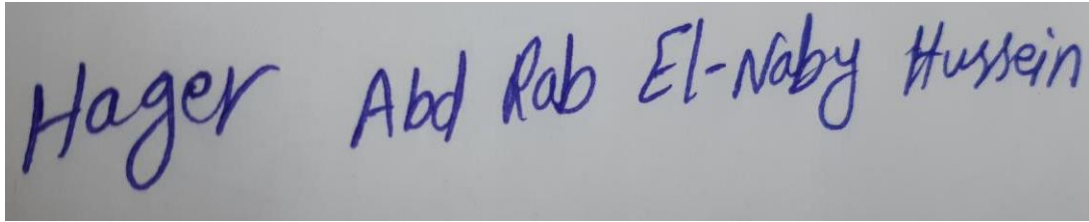

I declare, I confirm, I certify and I sign that also that no Associate-Editor, no Editor-in-Chief, no member of the WSEAS Secretariat forced me in this Journal to add references (citations) to any previous publications of this journal. I declare, I confirm, I certify and I sign that that I have made all the changes, modifications, additions, studies, corrections asked by the reviewers and I have fully complied with their instructions. I also understand that before the publication the 3 (or more than 3) reviewers will check my paper to see if all the changes, modifications, additions, studies, corrections etc have been done and I authorize the WSEAS to publish my paper or to reject my paper even in the 2nd round of peer review or to continue with an additional round of peer review.

Please, write additional comments below (take ideas from:

<http://wseas.org/main/author-testimonials.html>)

I would like to thank WSEAS transactions for their precise review and valuable comments. The title of my paper is "Quantum-Inspired Genetic Algorithm for Solving the Test Suite Minimization Problem" and has been accepted in WSEAS Transactions on Computers. I am glad that the paper will be published in this journal soon and I thank the Editor-in-Chief, Associate Editor and the team of 3 reviewers.
