For us, this was the first time that we sent a paper to your Journal. We have the best impressions for the review process in the journal: WSEAS transactions. The review process was a real peer review process. We would like to express our heartfelt thanks and great respect for your remarks. All reviewers showed us aspects to improve our paper. The criticism regarding the methodological part (which was made more descriptive) was accepted and corrections were made accordingly. This professional review work improved our writing skills and will encourage us to submit more papers to your Journals.

Thank you for your cooperation
