For us, this was the second time that we sent a paper to your institution. We have the best of the impressions for the review process in the journal: WSEAS transactions on Computer Research. The review process was a real peer review process. We would like to express our heartfelt thanks and great respect for your remarks. Both reviewers provided detailed feedback on areas requiring improvement in our paper. In response, we have thoroughly revised the sections concerning the research case and the empirical analysis process of the software. We greatly appreciate your cooperation and valuable input.

Thank you for your cooperation.
