For us, this was the second time that we sent a paper to your institution. We have the best of the impressions for the review process in the journal: WSEAS transactions on Business and Economics. The review process was a real peer review process. We would like to express our heartfelt thanks and great respect for your remarks. Both reviewers showed us aspects to improve our paper. The criticism regarding the methodological part (which was made more descriptive) as well as underpinning the results was accepted and corrections were made accordingly. Thank you for your cooperation
