I would like to thank your journal for its unique system, as this is the second time I have submitted a manuscript to it (WSEAS Transaction of System and Control). The effectiveness of your journal (WSEAS) is mostly dependent on its clarity, brevity, and integration. It is also incredibly exciting and relevant since it has the power to motivate any academician or researcher to take action. I appreciate your unrestricted review procedure and ability to recommend reviewers. This will mark a significant advancement in the field of research publications. Hopefully, your research publication will become one of the top journals in the future.
