I declare, I confirm, I certify and I sign that I received substantial, important, line by line peer review with several and substantial comments, important remarks and hints from, at least, 3 Reviewers and the Assistant Editor for my paper: **Malware Detection by Machine Learning based on the LightGBM model, ID: wseas-2284**

with Authors: **AMJAD JUMAAH FRHAN** I would like to thank all the reviewers for their thoughtful comments and efforts towards improving our manuscript. We revised the manuscript with special attention to the comments that we received from**Three (3)**..... (<-write the correct number) reviewers that were experts, specialists in the area of my paper.

I declare, confirm, certify and sign that WSEAS has checked my paper for possible plagiarism by Turnitin and my paper was found without plagiarism or self-plagiarism by Turnitin. I also declare, confirm, certify and sign that also that no Associate-Editor, no Editor-in-Chief, no member of the WSEAS Secretariat forced me in this Journal to add references (citations) to any previous publications of the journal.

I also declare, confirm, certify and sign that I have made all the changes, modifications, additions, studies, corrections asked by the reviewers and I have fully complied with their instructions. I also understand that before the publication the 3 (or more than 3) reviewers will check my paper to see if all the changes, modifications, additions, studies, corrections etc have been done and I authorize the WSEAS to publish my paper or to reject my paper even in the 2nd round of peer review or to continue with an additional round of peer review.

I also declare, I confirm, I certify and I sign that I will not publish this paper or an important part of the paper in any other Journal (inside or outside

WSEAS) Conference Proceedings (inside or outside WSEAS), Book (inside or outside WSEAS), University Repository etc) without the written permission of the WSEAS.

I also declare, I confirm, I certify and I sign that this paper or an important part of the paper has not been published other Journal (inside or outside WSEAS) Conference Proceedings (inside or outside WSEAS), Book (inside or outside WSEAS), University Repository etc). In case of violation of the above terms, WSEAS can reject any unpublished paper or even retract any published paper.

Dear Dr. Melandri Elvira, we examined the high standards of the WSEAS Publications. We categorically state that WSEAS has absolutely no relation to the concept of predatory publishing. Predatory Publishing and Its Impact on the Academic World

Predatory publishing has emerged as a critical concern in the academic world, particularly within the realm of open-access publishing models. These exploitative practices, often masquerading as legitimate academic outlets, have raised serious questions about the integrity and sustainability of scholarly communication. Predatory publishers typically charge high fees for publishing articles while neglecting fundamental academic processes such as peer review, editorial oversight, and ethical publishing standards. This has sparked a widespread debate about the potential harm to academic quality and trust in scientific literature.
